

November 16 - 17
Chicago, Illinois
McCormick Center

Automation Fair®

Rockwell Automation. Results Achieved.

Automation Fair, presented by Rockwell Automation, features our latest advancements, products and services in action! Our technology experts will walk you through innovative use cases and demonstrate how they enable informed real-time decisions that achieve better outcomes for your operation. Whether you are looking to optimize productivity, empower your workers, manage risk, drive sustainability or accelerate your digital transformation, Automation Fair has you covered. Together, we will strategize and design your next advancement to achieve results.

Get ready for an amazing, hands-on experience

- Inspiring presentations from industry leaders
- Hands-on labs and technical discussions led by technology experts
- Industry-centric forums showcasing best practices and peer experiences
- Immersive Expo featuring innovations from 100+ leading companies
- Networking and collaboration with tech-savvy professionals
