

# ES&E MRO Products & Services Plant Maintenance Loaded Tool Chest

DeWalt DWST22644 Specs: Depth: 18" | Width: 26" | Height: 24.5"

DeWalt DWST22760 Specs: Depth: 18" | Width: 26.5" | Height: 40.5"

This loaded tool chest was developed using customer feedback, and includes the tools most commonly used by maintenance techs responsible for keeping equipment running in the Automotive, Food and Beverage and Pharmaceutical industries.

5S organization is typically used by these customers in a lean manufacturing environment. We have used the **shadow board** method, with two-tone foam cut with laser precision. Two drawers are left uncut to add your own tools if we missed something critical to your production.
